

Little Camp Themes 2017

1. Paw Patrol to the Rescue (June 12-16)

Come join Chase, Skye and their friends in a fun filled week of adventure. Help in Zuma's "Water Rescue" and Marshall's "Fire Extinguisher" game. Rocky will help us recycle and make a toy. You can take home your own fire hydrant and airplane. Whatever trouble Rubble gets into we can help him out. Finish the week helping with a "Rescue Mission" and earning your own rescue badge.

2. Wild Things in the Jungle (June 19-23)

Who let all the "Wild Things" loose at camp, oh they are just campers acting wild. We will go on a monster hunt and do some crazy dancing in our "Wild Things" visors. All wild creatures like to jump on things, run around, and make scary noises. If you are a wild thing, sometimes and even if you're not you will love to pretend this week. Of course there will be balloons to pop and a wild things band. How about a picture of you and a "Wild Thing?" Come join the "Wild Rumpus" you wild thing!

3. Ready, Set, Go (June 26-30)

Everyone loves to take a car trip. Our campers will be traveling in their very own homemade "box" cars. They will learn the rules of the road, like stopping at stop signs, yielding to pedestrians, and not being a road hog. Our cars will be customized with Vanity License plates, special decals, and maybe a little glitter. How about a little "Red Light, Green Light" or a search for lost cars. We will definitely get the checkered flag in our road rally. Racers will be looking good in their Hot Rod t-shirts. Don't forget your keys!

4. Your Happy Place (July 10-14)

Poppy is off on another quest to find her "Troll" friends. You will have to be fast to outrun the Bergen's, smart to find where the Trolls are hiding, and have lots of imagination to find your happy place. Take home a bright friendly Troll and a colorful rainbow to put in your happy place. Have fun making your friends laugh and do some crazy rainbow dancing. A scrap book page will remind you of a place to smile, giggle, and have so much fun you never want to leave. Your Happy Place!

5. How to Train Your Dragon (July 17-21)

Everyone's dream is to have your very own dragon. But can you handle one all by yourself? They can be a little tricky with the flying and fire breathing. What will I feed them? Take a lesson from the friendly Vikings it's not easy but it can be done. First we have to dress the part, Viking shields and hats. Then learn to use a catapult and find some dragon teeth. Finally flying lessons through rings of fire. When you pass your training, Toothless will come home to stay. "While other places have ponies, or parrots... we have... dragons! "

6. Olaf in Summer (July 24-28)

Olaf will finally get to enjoy summer with our campers. Let's help Elsa melt her froze hands, and make some snow dough. Let's go sleigh riding and build a snowman. Of course we will have a snowball fight, and go bowling with Olaf. You will look great in your Olaf t-shirt. What will Olaf look like at the end of a fun filled week at summer camp? Maybe a little melted after our "Luau Party" "Some people are worth melting for."

7. Dory's Adventure (July 31- August 4)

Dory, Dory, Dory where are you going? You don't know? Let the campers and your friends help you out. We can dress-up like your fishy friends and explore the secrets of the deep. Learning to blow bubbles, and hanging out with Hank are on our list. Please look out for the sharks! Maybe if we feed them they will be happy and leave us alone. Let's take home an aquarium, an "Aqua" bracelet, and some "Squishy Sand" to remember our adventure. Don't forget, "Just Keep Swimming!"
